To whom this may concern,
As a graduate of a prestigious university with a Top 10 Political Science program, I understand the dynamics of lobbying government.

As a loyal and satisfied listener of XM RADIO, however, I must protest the National Association of Broadcasters (NAB) efforts to limit XM RADIO'S local traffic and weather programming. Not only is XM RADIO providing a needed service to their customers, they provide it COMMERCIAL FREE.

I hereby reject the NAB's petition 04-160 and support XM's ability to provide the kind of programming that I demand and deserve.

Sincerely,
Jeff Phillips
